

NTEC Earns First FOCUS Accreditation

A Message from
Andrew Lewis
CEO, NTEC and NSS

I am pleased to announce that NTEC has achieved its first 3-year Accreditation distinction from FOCUS Accreditation.

FOCUS has standards that look at both the quality of the services being provided, as well as the effectiveness of how the organization operates.

When an organization is accredited, people who use services have an assurance of quality, and can feel confident that the organization is committed to continuous improvement.

The support of the entire NTEC/NSS team has made this accomplishment possible.

We will be announcing an event to celebrate this achievement very soon.

Congratulations to all involved!
